

## New Vehicle Warranty Commitment Program

GM remains committed to our 3 Year/36,000 or 4 Year/50,000\* mile new vehicle Bumper to Bumper limited warranty, as well as our industry exclusive 5 year/100,000\*\* mile, fully transferable powertrain limited warranty with no fees or deductibles. Now, as announced on March 30, 2009, the U.S. Treasury Department is providing an important back-stop to our coverage.

Specifically, the U.S. Treasury Department has introduced an innovative new program to give consumers who are considering purchasing a new GM vehicle the confidence their warranty will be protected. As announced by President Obama on March 30, the Administration is confident that GM will emerge as a stronger, more competitive company, and is committed to working with us to make this happen. This important announcement means your warranty is safe – PERIOD.

### **What does the program mean for consumers?**

- *If you buy or lease a new GM vehicle during our restructuring period you will be eligible for the warranty protection.*
- *You do not have to do anything to participate in the government's warranty back-stop program. It is automatic.*
- *The U.S. Treasury will work with GM to implement its program to safeguard your warranty.*
